

# Riparian Areas and Grazing Management

Third Edition

Authors: Lorne Fitch, P. Biol., Barry Adams, P. Ag., Kerri O'Shaughnessy, P. Ag.

## What's in this Book?

### *In Riparian Areas and Grazing Management you'll find:*

- ◆ Some help in understanding how riparian areas work and how to interpret your observations of these landscapes.
- ◆ A way to look at riparian areas from a different perspective-how they fit into a landscape and why they are valuable.
- ◆ Something to spark thinking about changes in livestock management (and other land uses) to improve riparian health.
- ◆ Encouragement to make the first steps toward improving and restoring the health of riparian areas.
- ◆ Tools and techniques, some in use by your neighbours, that you may need to solve a problem in your riparian area.
- ◆ Where to turn to find additional information, resources and advice.
